## Steps to DESIGNING YOUR SWING SET

A childhood favorite, swings encourage language and peer teaching experiences. Swing seats should be matched to age group and sets should be placed to the rear or edge of the play area for maximum safety.

1

Select swing frame style.

2

Select either one, two, three, or four bays.

3

Choose between a belt, bucket, or flat seat style.

4

Select proper hardware and swing chains.

5

Select colors of swing seats and swing frame.
