

ABOUT US

2by2 Industries was started by playground people for playground people. Backed by a decade of playground experience, 2by2 Industries was founded in 2010 to manufacture plastic Border Timbers to meet the high demand for top-of-the-line borders.

Our ADA Ramps were added to the company's product line in 2013 to meet the demand for ramps as a response to modern ADA guidelines.

In Fall 2016, we re-imagined the possibilities of our border timbers and added the exciting and popular game of Gaga Ball to our products.

In Spring 2021, 2by2 owner, Stephen Shepherd, designed, manufactured, and patented a first-of-its-kind product, the Border Bench™, and it was added to the 2by2 product lineup. There is now an inexpensive and functional seat that can be added to the perimeter of any play area using border timbers, without a second purchase and separate freight cost from different suppliers.

Seeing the global shortage and price inflation of steel in 2021 and 2022, 2by2 got ahead of it and created a better, less expensive, lighter alternative to our steel spikes, called the VersaSpike. The VersaSpike completes our plastic products at lower cost, essentially saving our dealers time and money.

Many of our dealers asked for a solution, we listened, and we made it happen! We love making our dealers happy, and through years, many of them have been asking for the ability to modify the length our 12" and 8" Border Timbers. In Summer 2022, 2by2 introduced the Adjustable End Cap, to help create play site borders that work perfectly with your specific measurements by reducing or extending the length of our Border Timbers!

While 2by2 Industries is always evolving and growing its company and product line, three things are always consistent: our unrivaled service, low prices, and fast shipping for our dealers across the country. 2by2 continues to be the industry leader with our short lead times for our plastic products. Our everyday low prices and fast shipping is sure to save your company stress, time, and hard-earned money. Operating solely through our incredible dealer network, we love serving our fellow playground people and would love the opportunity to take care of you!

SERVICES FOR OUR DEALERS

FREE QUOTES & ESTIMATES

We realize you need cost/freight quotes delivered to you as quickly as possible in order to complete your quotes to your clients. We strive to provide accurate, realistic, and reasonable cost estimates to our dealers as promptly as possible.

PROMPT, FAST DELIVERY TIMES

We are committed to providing our clients with fast delivery service anywhere within the continental United States and Canada. Most of our shipments deliver within 3-8 business days after the order is placed, which is extremely fast compared to the 3-6 week lead time you would get with others. We can drop ship directly to you or your customers. All items come on wooden pallets, with all the items needed for installation.

PRODUCT CUSTOMIZATION

As a distributor, you have the opportunity to place your company logo/name on our timbers and ramp products. this is a one time fee-based service that also requires a minimum of 480 units ordered at a time.

STORAGE OF CUSTOMIZED PRODUCTS

If our dealers choose to customize their timbers and ramps, we offer warehouse storage up to a predetermined number of units. we will always let our dealers know when their inventory is low.

PRODUCT INSTALLATION INFORMATION

While 2by2 Industries does not offer installation for our dealers and dealer's clients, we provide product installation instruction sheets with all ADA Ramp, Border Bench and Gaga Ball Pit shipments, and have easily accessible product installation videos provided to you on our Youtube Channel. We work with our dealers to help you understand how to properly install all our products correctly.

ONGOING PROMOTIONS & SALES TOOLS

2by2 Industries works with our dealers to deliver products at the lowest possible prices. we have seasonal specials, as well as occasional sale sheet flyers for our dealers to download to give or mail to their own clients.

PRODUCT INFORMATION & DEALER PRICING FOR YOUR WEBSITE

Using our accessible online Dealer Packet, 2by2 Industries will always provide you with our downloadable product catalog, pricing, images, specs, warranty information, installation sheets, and company logos to help sell 2by2's products on your website.

WHY WORK WITH 2BY2 INDUSTRIES?

WHAT SETS US APART

- Our ADA Ramps, Border Timbers, and Border Benches are made 100% in the USA and are readily available with the fastest lead time in the industry.
- Our location provides the lowest national average freight rate and transit time in the industry.
- We only sell products through our dealer network, not direct to consumer.
- We never charge extra for rush or special orders.
- We offer optional dealer-arranged freight.
- We truly care about our dealers and want to see them succeed and grow as a business. See what they have to say about their experiences with us.

"Truly excellent service. High quality products delivered promptly. We have been doing business with 2by2 for years- they have never let us down."

**Chip, MD Materials,
2by2 dealers since 2011**

"We had the opportunity of meeting Stephen at NRPA in 2021. Stephen shared with us their story about who they were and told us to give them a try. They guaranteed inventory and prompt shipping dates. After doing business with 2by2 for the last 2 years, everything Stephen promised, he has upheld. Stephen and his team has always been prompt in answering questions, and their customer service has been top notch! Thankful to do business with someone that shares the same passion as us when it comes to customer experience."

Chris, Recreational Concepts, 2by2 dealer since 2021

"I just have to thank you guys for your ongoing excellent service. You've been directly responsible for helping us grow our business so much this year. You guys ship these out faster than anyone in the U.S. and I know that has helped us tremendously this year. I just have to let you know how much we appreciate your outstanding customer service."

Tom, Discount Playground Supply, 2by2 dealer since 2012

"2by2's customer service is far beyond anyone else. Stephen and his team go out of the way to make all of our installations run smoothly, efficiently, and on time. Thanks for all of your hard work. We make a good team."

**Bart, BARCON Construction
2by2 dealer since 2013**

"2by2 provides us with great pricing and excellent customer service - Rafael is the best!"

**Robert, Barrs Recreation
2by2 dealer since 2021**

"2by2 Industries is my 'go to' source for playground border timbers and ADA ramps. What sets them apart is their individual service and speed in which they ship their product. When I send in a PO, I know it's being shipped within 24 hours, compared to 'weeks' from other suppliers. I've never had any problems or issues with 2by2, a rarity in today's business climate."

Dale, Molanda Company, 2by2 dealer since 2016

BORDER TIMBERS

SCAN ME

12" BORDER TIMBER

SKU: 2BY2412 (with steel spike)

PRODUCT WARRANTY

All 2by2 Industries products are covered with a limited warranty to the purchaser or whomever receives our products. Our products are to be free from structural failure due to defect in materials or workmanship during normal use and installation in accordance with our published specifications. The warranty will commence on the date of the 2by2 Industries invoice to the purchaser and terminate at the end of the period stated below.

This warranty is valid only if our products are installed properly and in conformance with the specifications, installation guides.

2by2 Industries reserves the right to accept or reject any claim in whole or in part, pending investigation of the products in question. 2by2 Industries requires photographic evidence of all warranty claims. If the products are damaged during transit by a freight provider, IT IS UP TO THE END USER to make notes on the delivery receipt and notify the delivery driver and 2by2 Industries immediately to ensure claims can be made with the party responsible for damage. Failure to do so could result in denial of warranty claim.

WARRANTY EXCLUSIONS:

Cosmetic defects, such as scratches, dents, marring, or fading.

Damage due to incorrect installation, including but not limited to errant hits, driving into unsuitable ground conditions

Vandalism

Exposure to extreme weather

Abnormal use outside of intended purpose

Acts of God, such as hail, flooding, lightning, tornadoes, etc.
