

Patent #8,950,592

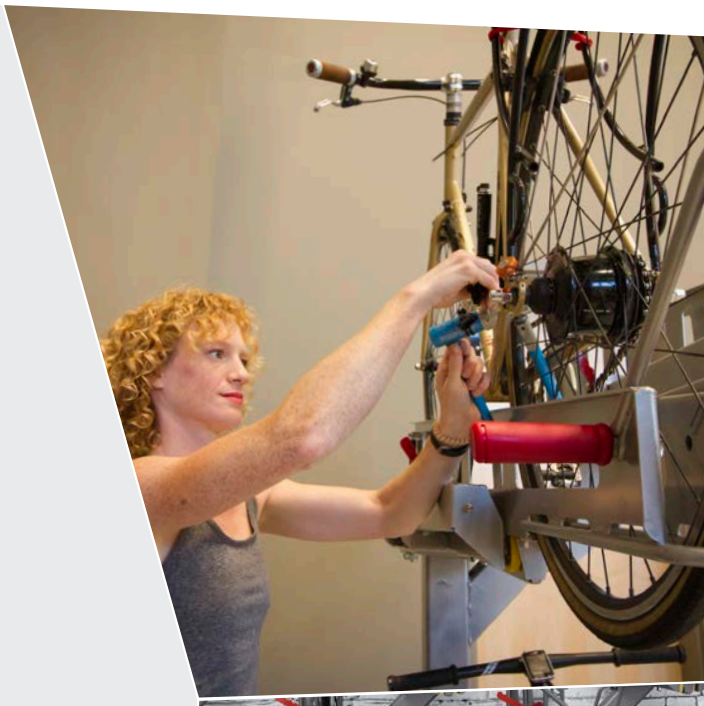

Dero **Decker**

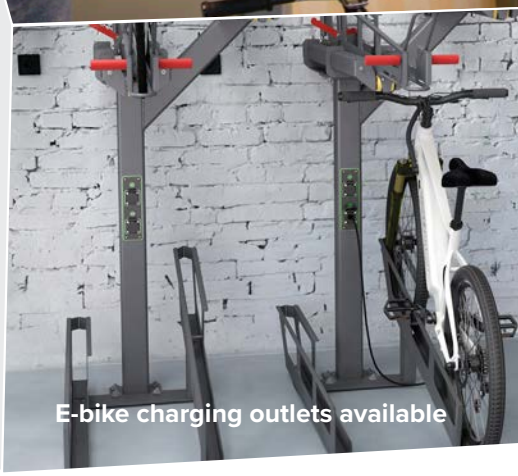

The Dero Decker takes bike parking to the next level. Unlike other two-tier systems our mechanical lift-assist top trays slide down inches from the ground, thus requiring only minimal lifting of the bike into the tray while saving valuable floor space. The Dero Decker has a front wheel safety locking lever and dampers to provide safe lowering of upper trays. Add the e-bike charging option to let users power up their ride while parked.
